If you like the music you should definitely consider buying this. The quality is great and the price (3u20ac) is extremely good. This is one of my favourite game soundtracks; about as good as the Alan Wake soundtrack. Perhaps even better. Content: Entire soundtrack in mp3 (320kBit/s) and FLAC (varies; between 580 and 780 kBit/s).. \$3 for this soundtrack is a freaking steal. Get it.. I bought the game just to be able to get the soundtrack in FLAC after I was listening to it on Spotify. My favorite is track four: "Is There Anybody Out There". If you buy the game, get this aswell. Totally worth the 3u20ac. Kai Rosenkranz still got it..

Needed some time to figure out where exactly I can find it, but well. It exactly gives you what you expect (I'm missing "Death of a friend" though.), in awesome quality.. Awesome music.
